CALENDAR INPUT - This is my first Calendar as I take the reins from Wilma. If you have any Dates, For Sales Items, information or additional content you would like to share with the Club, please reach out to me, mbeall_ra@yahoo.com or (510)910-4321.

TOOLS PLEASE - Over the years, many of you have worked on and restored your own vehicles, or just collected the specialty tools required to do so, (just in case that perfect barn find came along). I would like to start a tools library for those members looking to perform work and further the longevity of our beloved cars. If you happen to have tools available that you would be willing to lend, (or sell), I would be happy to create a catalogue of them for use by others. Don't let them languish in the bottom of your tool box or the back of your garage. Things like hub pullers, engine jacks, wide five adapters, valve lifter, etc... Call or email me if you have anything you could offer, or if you would like to discuss what I have in mind. Matt Beall, mbeall_ra@yahoo.com, (510)910-4321.

TECHNICAL EXPERTISE? KEEP OUR HOBBY ALIVE - Do you have technical expertise that you would be willing to share? While to many, the Early Ford Flathead V8 is "just a car", many of the systems associated with it and many other antique and classic

vehicles are unfamiliar to current mechanics and younger people that could potentially be the person you need interested in them when you decide to sell your next vehicle. How about sharing your expertise? This could be in a technical session either at a meeting or an event, or one-on-one helping a fellow member tackle a job on their vehicle. Call or email me if you have anything you could offer, or if you would like to discuss what I have in mind. Matt Beall, mbeall_ra@yahoo.com, (510)910-4321.
